

Privacy Policy for Sprinterview

Last updated: April 1, 2023

At Nosaj Ltd, we value our users' privacy and we take great care to protect the personal information that is collected through our SaaS app, Sprinterview. This privacy policy outlines the type of personal information that is collected, how it is used, and how it is secured.

Information Collected

Sprinterview collects the following personal information from each user: full name, email, and organization. This information is necessary to create and manage user accounts.

Collection Method

Personal information is collected through our website when a user creates an account.

Storage and Security

All personal information is stored in a secure PostgreSQL database. We take appropriate measures to ensure the security of this information and to prevent unauthorized access or disclosure.

Use of Personal Information

Personal information collected by Sprinterview is used solely to identify user accounts. We do not share this information with any third parties.

Third-Party Sharing

We do not share personal information with any third parties.

Cookies and Event Tracking

Sprinterview uses cookies to enhance the user experience and to improve our services. We also use event tracking to monitor the usage of our app. Users can control cookie settings in their web browser preferences.

User Rights

Users have the right to request the deletion of their personal information from our database. Please contact us at support@sprinterview.com to make such a request.

Updates to Privacy Policy

We may update this privacy policy from time to time to reflect changes in our app and our practices. We encourage users to review this policy regularly.

If you have any questions or concerns about this privacy policy, please contact us at privacy@sprinterview.com.

By using Sprinterview, you agree to the terms of this privacy policy.
